Transfer Tape is the Best Way to Apply Cut-Out Shapes & Text!

Transfer Tape Catalog #76737 (4.25" x 200 ft. roll)

- Cut out your shape or text and weed away unneeded material
- 2. Apply transfer tape over your cut-out objects and press firmly
- 3. Peel back transfer tape which will lift and expose the adhesive side of your now pre-spaced objects
- 4. Position object in place and press firmly onto final surface
- 5. Peel back transfer tape at sharp angle to surface
- 6. Works great for cut-out text on rigid sign panels too
