Aluminum Filters

ETRI 100 series aluminum filters are designed for easy cabinet or fan mounting and allow maximum air flow while effectively filtering dirt and dust. The all-aluminum construction with slit/expanded foil is completely washable and can be cleaned when necessary to maintain efficient filtering. All are UL recognized, Class 2-Type B.

The AF Series is a corrugated screen-type filter, designed for fan mounting. They are available in mill or black finish.

Part Number	Description	Fits	Finish
100-35	Cabinet Mount Filter	92mm	Aluminum
100-45	Cabinet Mount Filter	120mm	Aluminum
100-65	Cabinet Mount Filter	172mm	Aluminum
