## All Series Marking Options

# Single Row Terminal Blocks

## Marking Options & Accessories

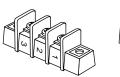

#### Standard Marking

Markings are applied directly to the sides of Series 1000, 2000, 3000, 4000 & 5000. Standard characters are white and 1/8" high. Factory may substitute 3/32" high characters.

Upright Numerals

Upright Numerals Left Lying Numerals Right to Left Léft to Right

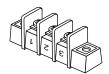

Blocks to be marked on both sides require a different code for each side. Example: "L1" on one side of the block requires "L2" on the other side to ensure common terminal marking. Specify by adding suffix to part no.

Right Lying Numerals Right to Left

**Upside-Down Numerals** Right to Left

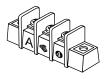

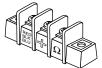

**Upside-Down Numerals** Left to Right

Left to Right

Special markings are available for Series 1000, 2000, 3000, 4000 & 5000 at an additional charge for preparation. Production charges for setup, handling and marking are the same as for standard marking and the same quantity discounts apply. Consult factory for price and delivery.

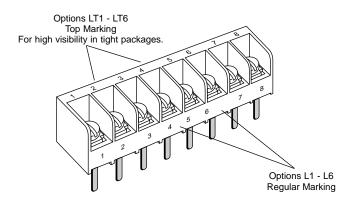

### Closed Barrier Terminal Block Marking Options

L1 & LT1 = Upright numerals, numbered from left to right L2 & LT2 = Upright numerals, numbered from right to left L3 = Left lying numerals, numbered from left to right = Right lying numerals, numbered from right to left L5 & LT5 = Upside down numerals, numbered from right to left L6 & LT6 = Upside down numerals, numbered from left to right

forward or reverse markings, top or bottom of strip. If special mark-

#### Marker Strips

Black marker strips with white numerals mount beneath the terminal blocks to clearly identify terminal and wire positions. Available with
